		FWD/4x4	RWD
Max. permissible vertical loading (trailer hatch)	Towing cap. 2.000	100	140
	Towing cap. 2.500	100	140
	Towing cap. 3.000	120	140
	Towing cap. 3.500	-	140

	Normal roof	High roof
Roof load	300	150

*) Due to different equipments the front axle load can be raised up to 2.100 kg. Therefore the min. empty weight as well as the max. payload can be influenced.

Values can vary depending on the respective country setting!

All figures in kg

The shown empty weight values include the driver (75kg) and a 90% filled fuel tank.
